

DOMAINE DE Bréseyme

Founded in 1999 by the Gresse family, the estate currently cultivates four hectares of «Brézème» Côtes du Rhône and 4.5 hectares of PGI Collines Rhodaniennes. The estate has room for expansion thanks to a 16-hectare land reserve on a steep south-facing hillside of clay-limestone. And while the vines are at the midpoint between the Northern and Southern Rhone, the grape varieties - Syrah for the reds and Roussanne, Marsanne and Viognier for the whites - are reminiscent of Northern wines. It's time to rediscover the delights of Brézème!
